Free standing structures

WALT: evaluate freestanding structures in the local environment.

Think about your visit to the park. What play equipment did you like/dislike? You need to write down what you liked/disliked about the different structures at the park and your reasons why. If you didn't go to the park the use the school play equipment. Then, have a think about what else you would like to see in the playground and write your ideas down.

In my school playground I would like
