

22.01.21

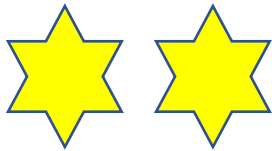

WALT: solve addition and subtraction problems

Can you use your learning from this week to help Goldilocks solve some problems?

1. Baby bear has 1 apple  and Mommy bear has 2 apples  
How many apples altogether?

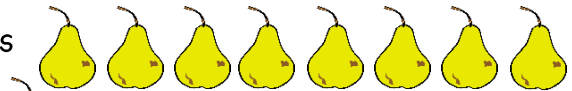

2. Daddy bear has 2 oranges   and baby bear has 3 oranges   
How many oranges altogether?

3. Baby bear has 5 chocolates      and Goldilocks takes 2 away  
How many chocolates does baby bear have left?

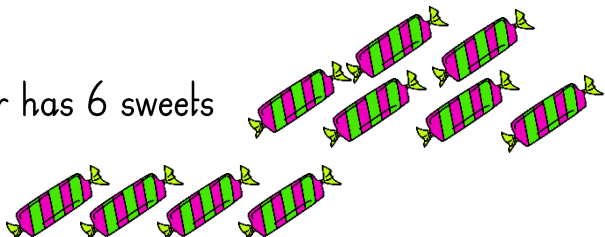

22.01.21

WALT: solve addition and subtraction problems

1. Mommy bear has 8 pears  and
Daddy bear has 1 pear 

How many pears altogether?

1. Baby bear has 6 sweets  and Mommy bear has
4 sweets 

How many sweets altogether?

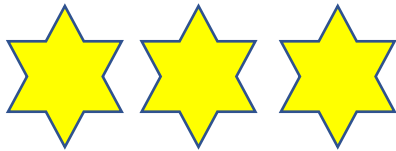

2. Baby bear has 10 bananas 
and Goldilocks takes 3 away 

How many bananas are left?
