Street Child

WALT: write and publish our story.

Your Task

In today's lesson, you are going to be publishing the final version of your story. You can do this in different ways:

- Use the sheets attached to this document
- Write it on a piece of paper and create your own border and designs for it
- Type up your work on a word document

Remember to proofread your work, check your spellings and use your best handwriting.

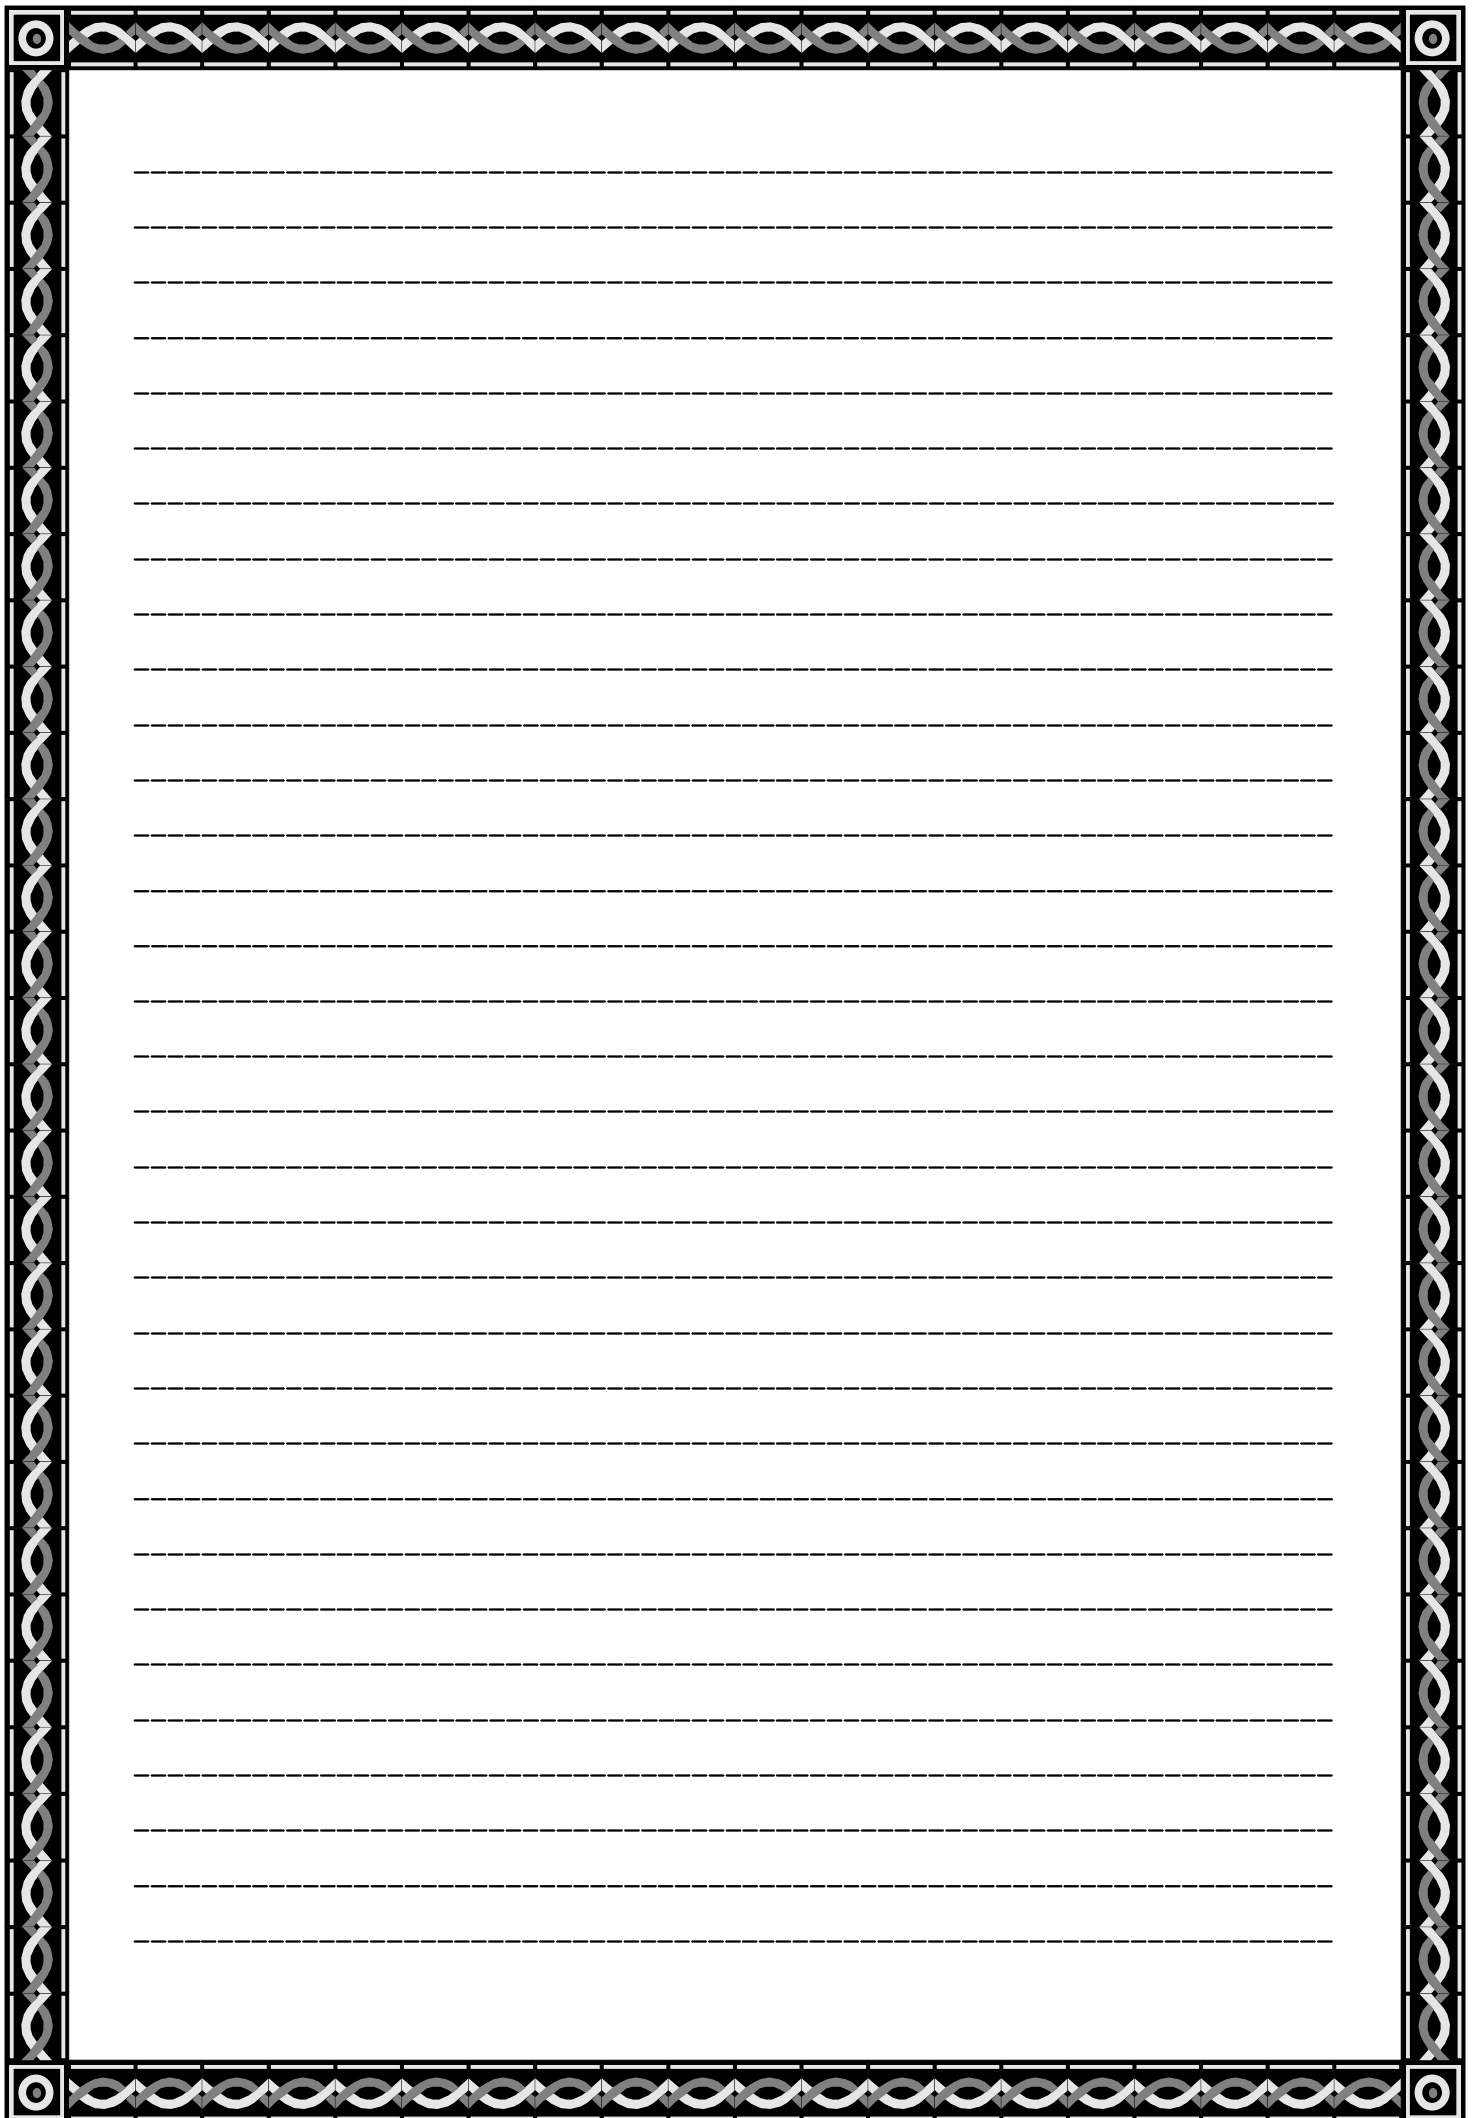

We would love to see the final versions of your stories after all of the hard work and effort that you have put in over the past three weeks! If possible, please email us pictures or documents of your final pieces so that we can celebrate your achievements with you on our "Shout-outs" page on the website. We will also be using these pieces of work to help us to decide who will be the next VIP!
