WALT: write an opening

3 stars: today you will finish off writing your openings from yesterday. Remember this is a shared write so you copy the words in black and change the words in red. You need to use your plans from Tuesday to help you make the changes. Here is my example below. When you have finished if you fancy a challenge then have a go at adding in some more detail, or changing some of the vocabulary to make it more adventurous!

Father mouse told the tiny mice that they would have to build their own houses. So, the three mice packed a bag and got changed. They gathered some metal, plastic and rubber and set off on a journey to build a new home. Did they build a new house? Did they ever see their father again?
