Taste Kitchen Challenge

Aldi are in search for a new recipe to add to their online food collection!

They would like you to help them and enter the competition!

What you need to do:

You have to design an original recipe inspired by Team GB that must include at least two different fruits or vegetables.

You have to write down a recipe for your creation: the ingredients, a step by step method, a description of your chosen meal, a short paragraph explaining how the recipe is inspired by Team GB and a photograph of yourself and your delicious, finished dish!

Once you have completed the challenge, you then need to email your work to: the class email page and then we will sent off any entries at the start of next week..

Good luck Year 3! We hope you make some tasty meals!
