Addition and Subtraction

WALT: Use addition and subtraction vocabulary to solve calculations.

Addition vocabulary:- plus, add

Subtraction vocabulary:- take away, minus.

Examples: $12 \text{ plus } 3 = 15$

$16 \text{ take away } 4 = 12$

Your turn

$18 \text{ minus } 5 =$

$16 \text{ add } 7 =$

$17 \text{ minus } 9 =$

$20 \text{ take away } 7 =$

Extension amounts over 20

$23 \text{ add } 6 =$

$24 \text{ minus } 9 =$

You can use a number line to help solve the calculations.
