

Activity Explained

Dear Wise_Owl

Read the story 'Detective Digiduck' here: childnet.com/detective-digiduck or the print out of the story

Ask learners to write an email to Wise_Owl saying what the story has taught them about trusting the internet. This could be from themselves or from Digiduck. They could write this by hand using the templates on the next slides, or they could use a device to type them too.

Alternative: Instead of writing, learners could also draw the important things they have learnt.
