

PSHE: Britain, Neighbourhoods, Communities and Diversity.

Week 2

WALT: understand what a community is.

A community is a group of people living or working in the same place. It is made up of the people who live there or belong to it. The people of a community make it what it is. Their choices and actions can help make a community a positive place; they can also make it a negative place.

It is important we all make choices which help the communities we are a part of to be happy and successful places. We can choose to be kind, helpful, thoughtful and selfless, thinking of the needs of others and not just our own.

Task:

Look at the attached pictures and answer these questions. You can write your answers down or discuss them with someone in your house!

What is happening in the picture?

---

How are the people contributing to the community?

---

How are people showing 'community spirit'?

---
