Role Models

What is a role model?

A role model is someone who you can look up to, a someone who sets a good example for you to follow. This person could be a parent or a family member, a sports person, a scientist, an inventor, there are many different examples of good role models.

Who are your role models and why?

Your task for today is to create your very own achievement page, which you can display in your home to show all of your achievements both in and of school. These would help you explain why you are a good role model.

The achievements can be...

Awards you have received either in or out of school.

Someone thing you have done that is nice for someone else.

When you have helped someone.

Something you are proud of completing or taking part in.

A test you did well on.

Your progress at school in different subjects.

On the next blank page, write a title at the top of 'My Achievements' and begin to decorate it with a list of all of your achievements. You can then continue to add to this over time.
