

The Spaceship

9 Meg and her dad loved looking at the stars.
16 One day, Meg's dad had a brilliant
17 idea.
22 "Let's make a spaceship!" he
23 said.
29 They worked all day on the
33 spaceship. Dad used a
37 hammer to join big
40 pieces of metal
43 together and Meg
47 painted it bright red.
52 They used an engine from
58 an old car. They put lights
64 all over the front of the
67 spaceship. Meg packed
73 them a picnic for the trip
81 that they would take when the rocket was
89 ready. Finally, Dad pressed the 'on' button. The
93 lights began to shine...

Quick Questions

1. What do Meg and Dad love to do?

2. Find one word that describes the car.

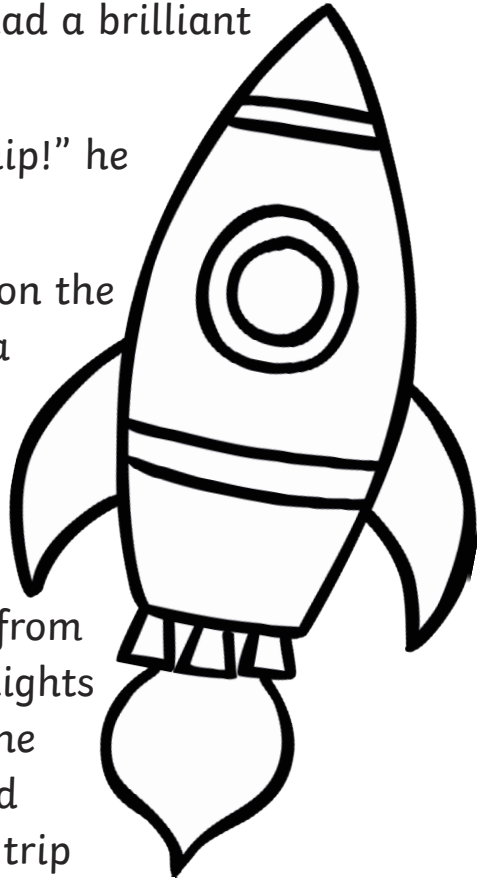

3. Why do you think Meg and Dad put lights on the spaceship?

4. What do you think will happen next?
