

# Reddal Hill Primary School

*GLEE – Growing Learning Enjoying Excellence*

At Reddal Hill, we are always working hard to provide an excellent education for you. We have high expectations and want you to be creative and innovative whilst learning through our exciting and challenging curriculum. As well as this, we always have key areas we are focusing on. This year, they are:

To continue to help your child address the learning gaps with a focus on **CORE BASIC SKILLS** so that your child can achieve their best in all of their subjects.

To implement the new EYFS statutory curriculum so that your child has clear and progressive goals to help them achieve the end of Reception Early Learning Goals.

To implement the new Reception Baseline Assessment so that we can identify what your child can already do and move their learning on.

To continue to give your child the support and guidance that they need to help them achieve their full potential.

To do this, we need to work together...

As teachers, we will do our best to provide an interesting and challenging education.

You will love, encourage and support your child while they learn at home and school.

Your child will do your best, complete their homework and enjoy their learning to achieve their full potential.

Written for the parents
