

Monday 1st February 2021

WALT: label parts of a tree

Use what you have learnt from the PowerPoint and label the tree. Use the words the following words to help you:

roots, branches, trunk, crown, bark, leaves.

Extension: have a go at matching the labels to the correct definitions.

Roots	Branches	Trunk
Bark	Crown	Leaves

Gather water and nutrients underground to help the tree grow.	Hold the leaves.	Supports the whole tree.
The outer layer of the trunk	At the top of the tree and is made up of leaves and branches.	Gather water and nutrients for the tree.
