WALT: edit our writing

3 stars: you need to read through your opening story from yesterday. Use the check list below to help you edit your work. Try to use a different coloured pencil or pen when you are editing your work.

I have included:	Self-assessment:
Capital letters to start my sentences.	
Full stops to end my sentences.	
Invisible pairs between my words.	
Snuggled letters (no spacing between letters).	
Question marks.	

Here are some examples of Year 1 common exception words (these are words that children often find tricky to spell because they can't sound them out). If you have spelt these correctly give yourself a tick!
