Poetry

WALT: write your own poem.

Using the model poem and the rhyming sentences you created yesterday we are going to write our own poem. We are going to change it from 'I'd like to meet an alien' to 'I'd like to go to outer space.' You might want to use the planet pictures to help you with ideas. I have written the first stanza, can you write your own, thinking about the syllable and rhyming pattern.

I'd like to go to outer space

I'd like to go to outer space,
In my enormous rocket ship,
It could be an amazing place,
To visit on a trip.
