Subtraction

WALT: subtract

Solve these subtraction problems using ten frames to support. Put the first amount of objects on the bus, then take away the second amount off the bus. Count how many there is left on the ten frame bus. You can use any objects.

Example: $12 - 3 = 9$

$$11 - 3 =$$

$$14 - 5 =$$

$$13 - 6 =$$

$$15 - 7 =$$

Extension

$$21 - 6 =$$

$$24 - 7 =$$
