Non- Chronological reports

WALT: identify vocabulary and work out the definition.

Activity 1a- Find the words in the table and circle them in the text.

Activity 1b- Write what you think they mean. Use the sentence they are in to help you define the word. Try out a different word that you think means the same thing, does it work in the sentence.

Word	Meaning
species	<hr/> <hr/> <hr/>
characterised	<hr/> <hr/> <hr/>
variety	<hr/> <hr/> <hr/>
availability	<hr/> <hr/> <hr/>
habitats	<hr/> <hr/> <hr/>
resources	<hr/> <hr/> <hr/>

Activity 2- Now look up each of the words in a dictionary. This could be done either with a paper copy or online version. (If you get stuck use the definition sheet to help from the website.)

Look back at what you thought the meaning was, were you correct?

Word	Meaning
species	<hr/> <hr/> <hr/>
characterised	<hr/> <hr/> <hr/>
variety	<hr/> <hr/> <hr/>
availability	<hr/> <hr/> <hr/>
habitats	<hr/> <hr/> <hr/>
resources	<hr/> <hr/> <hr/>

Activity 3: Choose 3 of the words to put into your own sentence.
