

WALT: compare numbers.

Look at the problem. Use the $<$ $>$ or $=$ sign to tell you whether the crocodile will eat the number on the left or the right. Fill the gap.

$$6 > \underline{\hspace{2cm}}$$

$$4 = \underline{\hspace{2cm}}$$

$$9 < \underline{\hspace{2cm}}$$

$$12 = \underline{\hspace{2cm}}$$

$$15 > \underline{\hspace{2cm}}$$

$$19 < \underline{\hspace{2cm}}$$
