Maths

Today you will be adding numbers using your dienes and rods, however you will be crossing tens.	Today you are going to be learning how to subtract using your dienes and rods. If you get to 3 stars you will be crossing tens.	Today you will be checking that number sentences are correct by using your dienes and rods and then re-writing them so that they are still correct.	Today you are going to be using the inverse operation. This means you will be checking the answers with the opposite operation.	Today is your arithmetic practise and today you are going to be recap-ping the use of the column addition method before we cover it again next week.
